

**NWCG CURRICULUM MANAGEMENT ISSUE PAPER #110
MODIFICATION OF POSITION TITLE FOR
TRAINING SPECIALIST (TNSP) IN THE PMS 310-1
July 13, 2010**

BACKGROUND

On February 7, 2002, the NWCG Training Working Team (TWT) approved changing the name of the Training Specialist S-445 course to Incident Training Specialist (Issue Paper #33). The renaming of the course more accurately identified the position for which the course was developed.

CURRENT STATUS

The S-445 course name has been changed, but the (TNSP) position in the PMS 310-1 is still listed as Training Specialist. This title often creates confusion in the field between this position and the career Training Specialist on the home unit.

RECOMMENDATION

It is recommended that the name of the TNSP be changed in the PMS 310-1 to Incident Training Specialist, to match the title S-445 course. This would help distinguish between the career Training Specialist and the Incident Training Specialist for which the course was designed.

APPROVED / DENIED

(circle one)

Effective date for change to PMS 310-1 language will be with the next revision – June 2011
