

**NWCG CURRICULUM MANAGEMENT ISSUE #87
MODIFICATION OF COURSE NAME FOR
S-378, AIR TACTICAL GROUP SUPERVISOR
January 31, 2007**

BACKGROUND

The duties of Air Tactical Group Supervisor (ATGS), Helicopter Coordinator (HLCO), and Air Tanker Coordinator are covered in the S-378, Air Tactical Group Supervisor course material.

CURRENT STATUS

S-378 is currently under revision and the new Interagency Aerial Supervision Guide is due for completion February, 2007. The subject matter experts revising the S-378 course suggested that the name of this course be changed to reflect the verbiage in the new Interagency Aerial Supervision Guide that this course is based on. This new guide replaced the previous Interagency Air Tactical Supervisor's Guide. S-378 is required, per the 310-1 and Interagency Aerial Supervision Guide, for the following aerial supervision positions: ATGS, HLCO, lead plane pilots, and Aerial Supervision Module (ASM) crewmembers.

RECOMMENDATION

Change S-378 course name from Air Tactical Group Supervisor to Aerial Supervision.
